Re: Grades

Dear Parents,

To facilitate the comparison between the School grades and the IGCSE grades, we are providing you with the mark scheme which our teachers use for their evaluations.

<b>IGCSE MARKING SCHEME</b>	
A*	95+
A	90-94
B	84-89
C	78-83
D	72-77
E	66-71
U	0-65

This scheme should only be used as a guide. It is only an indication of the level of the academic standard achieved from September until December of this academic year.

Class 5 students need to understand that in order to achieve top grades they need to devote around 3 hours daily on their studies and periodically include revision sessions of last year's material.
